<b>Total, S. Lebanon</b>										<b>209,092</b>	<b>161,528</b>

\* Beginning 28 August 2006, Mercy Corp's assumption regarding the water usage of beneficiaries is 3L per person per day. Prior to 28 August, Mercy Corps assumed beneficiaries were using water for hygienic purposes in addition to drinking, and the usage was 10L pp/day. Also beginning August 28, 2006, Mercy Corps changed the usage assumption regarding the number of beneficiaries served by one food box from 10 people per box to 6.5 pp/box.
