

Consultant Engineering– Terms of Reference

Organization Background:

Welthungerhilfe (WHH) is a private, non-profit-making, politically independent and non-denominational organization that supports people living in deprivation and poverty, irrespective of the color of their skin, their religious beliefs or their worldview. WHH is working in the fields of development cooperation and humanitarian aid, relief aid, rehabilitation, and reconstruction. In Lebanon, WHH implement projects through local implementing partners where agriculture, livelihoods, food security and social stability are the main working fields.

Request: WHH is looking for a consultant expert in the design and implementation of an innovation hub, incubator, and fumigation center.

Tasks & Details:

- Conduct a visit to the field facility in Baalback and Damour to understand their needs.
- Make sure that the available design (Drawing + BOQ) is as per the needs and standards. Revise the (Electrical, Mechanical, Civil, Architecture) drawings, BOQ if needed.
- Provide the technical specifications when needed (Electrical, Mechanical, Civil, Architecture).
- Support the contractor with the needed advice, drawings, specs when needed.
- Supervise the implementation (civil and finishing works).

Required competencies:

- Required degree in Civil Engineering, Architecture, or related fields.
- Demonstrated experience design and implementation of Agro-food centers.
- Required competency in English and Arabic.

Documents to be Submitted:

- CV
- A cover letter indicating previous experience and relevant technical skills.
- Documents showcasing previous design and implementation of agro-processing centers in Lebanon.
- Applicants must have legal documents (Financial Register, Commercial Register...) in order to be eligible to apply (if any).

Payment Terms: The expert is requested to submit a financial offer covering the delivery of the TOR services by May 3rd, 2023
