**5 Project Background**

Due to the dispersed settlement of refugees across Lebanon, there is a need of a multi-faceted approach to SGBV service delivery with case management, community centers, community outreach and mobile teams to ensure a broad access to response services for SGBV survivors.

**6 Expected Results**

SGBV survivors are safely identified and provided with quality case management and psychosocial support that ensure mitigation of SGBV risks, healing and recovery. Enhanced community-based support networks for women, men, girls and boys of all ages, who are at risk or have experienced abuse. Increased collaboration with national institutions, local authorities, I/NGOs, municipalities, host and refugee communities through capacity building and advocacy. Strengthened partnership, capacity building and mentoring for community groups that are working on SGBV to ensure their active involvement in SGBV prevention and response.
