

BIOFORCE IS LOOKING FOR

A CONSULTANT TO SUPPORT THE STRUCTURING AND STRENGTHENING OF A MEAL DEPARTEMENT (MONITORING, EVALUATION, ACCOUNTABILITY AND LEARNING)

Offer Date 09/11/2023

Apply until 6/12/2023

Ref : RH_F0008

BIOFORCE. EMPOWERING HUMANITARIANS. we believe in a world where the needs of people affected by crises are met by committed professionals, who provide appropriate, high-quality aid. We are a humanitarian organization that prepares for and responds to crises resulting from conflict, natural disasters or epidemics. We provide training, support and structuring solutions to ensure access to effective, high-quality aid for vulnerable populations.

THE CONTEXTE.

As part of a capacity-building plan for a Lebanese association based in Tripoli, Bioforce, an organization specializing in humanitarian development and training, is actively seeking a competent and experienced consultant to consolidate the structuring and empowerment of the Sanabel El Nour association.

The general objective is to make a lasting contribution to covering the growing needs for assistance of the people of Tripoli in Lebanon.

The specific objective is to strengthen the capacities of the Sanabel El Nour CSO and its credibility with international partners in Lebanon

MISSION DESCRIPTION

General objectives:

Support for the structuring of Sanabel El Nour (implementation of its capacity-building plan).

Activities:

- Support for the development and implementation of a MEAL system
- Develop a plan and tools for monitoring accountability and learning (MEAL) and a communication mechanism including: Key Performance Indicator
- Technical support for the formalization of the ethical framework for data security and confidentiality (ethical framework for data, vulnerability criteria's)
- Training of multi-disciplinary internal focal points to ensure relevant implementation of MEAL
- Facilitation of internal learning workshops

Results and Deliverables:

- MEAL system and monitoring tools
- Ethical framework for data
- Definition of vulnerability Criteria's
- Final intervention report on the support provided to Sanabel nour, including all deliverables and documents shared and presented during this mission.

Supports available for use:

- Project documents
- MEAL report and roadmap defined during phase 1 of the project
- Beneficiary selection report and roadmap defined during phase 1 of the project.

DESIRED PROFILE

Language: Arabic English and French

- _ Expert in MEAL
- _ Previous experience in developing and implementing a MEAL system and monitoring tools.
- _ Previous experience in developing and formalizing an ethical framework for data security and confidentiality (Ethical data framework, vulnerability criteria's)
- _ Experience in capacity building of structures
- _ Writing skills in French desirable
