

Item n*	Item	Description / Reference	Picture	Quantity
1	Portable hand electric drilling machine + tool set	Brand: Similar to BOSCH or equivalent. Application: creating holes (drilling) in various materials, such as metal, wood, and plastic and tightening and loosening of screws. Left and right, normal and hammer. For mechanical and electrical works. Weight: 2-2.5Kg. Power: 500-1000 Watt.		3
2	Portable hand electric cutting machine + discs set	Brand: Similar to BOSCH or equivalent. . Application: Cutting/Grinding/Polishing metal. Variable speed. Weight: 2-2.5 Kg. Power: 1000-1400 Watt.		3
3	Steel ruler	With both inch and millimetre graduation. Scale: 500 mm.		5
4	Center punch	Material: HSS Steel. Cutting head angle: 90°.		10
5	Solid square or try-square	Material: HSS Steel. Scale: 250x160 mm. With millimetre graduation.		3
6	Divider	Material: HSS Steel. Size: 200 - 250 mm.		3
7	Protractor	Material: HSS Steel. Size: 0-180°, 120x200 mm with measuring error around one degree.		3
8	Surface gauge or Vernier height gauge	Material: HSS Steel. Size: 250 mm.		3
9	V-Blocks or prism + clamps	Material: HSS Steel. Shape: one 90-degree V-slots. Size: 50x40x40, shaft diameter: 5-30 mm.		3
10	Flat file	Similar to AMPRO. Material: Steel. Length: 250 mm.		3
11	Triangular file	Similar to AMPRO. Material: Steel. Length: 250 mm.		3
12	Square file	Similar to AMPRO. Material: Steel. Length: 250 mm.		3
13	Pocket vernier calipers Parallax	Material: Hardened stainless steel. Measuring range: 250 mm.		3
14	Tap and Die set	Material: HSS Steel. Metric size (both coarse and fine standard pitch), 3-18.		2

15	Micrometer	Material: Hardened stainless steel. With millimetre graduation. Size: 0-25 mm.		2
16	Micrometer	Material: Hardened stainless steel. With millimetre graduation. Size: 25-50 mm.		2
17	Limit snap gauge set	Material: Cast iron. Measuring range: 0 - 100 mm .		1
18	Limit plug gauge set	Material: HSS steel. Length: 0 - 100 mm. Measuring range: 0 - 100 mm. Diameter: 0 - 100 mm. Tolerance: H7.		1
19	Thread gauge	Material: HSS steel. Number of thread per cm: 0.25 - 6. Number of thread per inch: 4 - 55. Thread angle: ISO 60°.		3
20	Dial gauge	Cast iron base 300 x 200 mm or 150 x 100 mm. Measuring range: 200 mm.		2
21	Feeler gauge	Feeler Gauge Set KINEX - 10pcs, 0,02-0,2mm, lenght 100mm. 0,02; 0,03; 0,04; 0,05; 0,06; 0,07; 0,08; 0,10; 0,15; 0,20		2
