SELECTION CRITERIA

13. Selection criteria

Capacity-providing entities

An economic operator (i.e. candidate or tenderer) may, where appropriate and for a particular contract, rely on the capacities of other entities, regardless of the legal nature of the links which it has with them. If the economic operator relies on other entities, it must in that case prove to the contracting authority that it will have at its disposal the resources necessary for the performance of the contract by producing a commitment by those entities to place those resources at its disposal. Such entities, for instance the parent company of the economic operator, must respect the same rules of eligibility and notably that of nationality as the economic operator relying on them and must comply with the selection criteria for which the economic operator relies on them. **Furthermore, the data for this third entity for the relevant selection criterion should be included in a separate document.** Proof of the capacity will also have to be provided when requested by the contracting authority.

With regard to technical and professional criteria, an economic operator may only rely on the capacities of other entities where the latter will perform the tasks for which these capacities are required.

With regard to economic and financial criteria, the entities upon whose capacity the economic operator relies, become jointly and severally liable for the performance of the contract.

The following selection criteria will be applied to candidates. In the case of requests to participate submitted by a consortium, these selection criteria will be applied to the consortium as a whole if not specified otherwise. The selection criteria will not be applied to natural persons and single-member companies when they are sub-contractors.

The candidate shall not use previous experience which caused breach of contract and termination by a contracting authority as a reference for selection criteria.

The selection criteria for each tenderer are as follows:

- 1) Economic and financial capacity** (based on item 3 of the request to participate form, or on item 3 of supply tender form). In case of candidate being a public body, equivalent information should be provided. The reference period which will be taken into account will be the last three years for which accounts have been closed.

Criteria for legal and natural persons:

1 – The average annual turnover of the candidate or tenderer for the years 2020, 2021 and 2022 must exceed the annualised maximum budget of the contract i.e., the maximum budget stated in the contract notice divided by the initial contract duration in years, where this exceeds 1 year (minimum annual turnover requested may not exceed two times the estimated annual contract value, except in duly justified cases motivated in the tender dossier

2 - Annual budget for the years 2021 and 2022, and written declaration that the company is not in a current situation of debt.

3 - Current ratio (current assets/current liabilities) in the last year for which accounts have been closed must be at least 1. In case of a consortium this criterion must be fulfilled by each member.

4 – Bank account in fresh USD or EUR

5 - Bank Statement to be provided only by the awarded tenderer concurrently with Notification of Award, before and as condition for the signature of the contract.

2) Professional capacity (based on items 4 and 5 of the requests to participate form for service contracts and on items 4 and 5 of the tender form for supply contracts). The reference period which will be taken into account will be the last three years preceding the submission deadline.

Criteria for legal and natural persons:

1- Proof of registration as a company in Lebanon for the sector of relevance of this tender: supply of medical equipment

3) Technical capacity (based on items 5 and 6 of the request to participate form for service contracts and on items 5 and 6 of the tender form for supply contracts). The reference period which will be taken into account will be the last three years from submission deadline.

Criteria for legal and natural persons:

1 - The candidate has provided services or supplies under at least 2 contracts each with a budget of at least 120.000 EUR in supply of medical technical equipment which was implemented at any moment during the reference period: 5 years.

This means that the contract the candidate refers to could have been started at any time during the indicated period, but it does not necessarily have to be completed during that period, nor implemented during the entire period. Candidates are allowed to refer either to projects completed within the reference period (although started earlier) or to projects not yet completed. Only the portion satisfactorily completed during the reference period will be taken into consideration. This portion will have to be supported by documentary evidence (statement or certificate from the entity which awarded the contract, proof of payment) also detailing its value. If a candidate has implemented the project in a consortium, the percentage that the candidate has successfully completed must be clear from the documentary evidence, together with a description of the nature of the services provided/supplies delivered if the selection criteria relating to the pertinence of the experience have been used.

15. Deadline for submission of requests to participate

The candidate's attention is drawn to the fact that there are two different systems for sending Requests to participate: one is by post or private mail service, the other is by hand delivery.

In the first case, the request to participate must be sent before the date and time-limit for submission, as evidenced by the postmark or deposit slip¹, but in the second case it is the acknowledgment of receipt given at the time of the delivery of the request to participate that will serve as proof.

The deadline for submission of requests to participate can be found in the Contract Notice under IV.2.2.

Any request to participate sent to the contracting authority after this deadline will not be considered. The contracting authority may, for reasons of administrative efficiency, reject any request for participation submitted on time but received, for any reason beyond the contracting authority's control, after the effective date of approval of the short-list report, if accepting requests to participate that were submitted on time but arrived late would considerably delay the evaluation procedure or jeopardise decisions already taken and notified.

16. Outcome of the evaluation

By submitting a request to participate candidates accept to receive notification of the outcome of the procedure by electronic means. Such notification shall be deemed to have been received on the date upon which the contracting authority sends it to the electronic address referred to in the request to participate form.]

17. Alteration or withdrawal of requests to participate

Candidates may alter or withdraw their requests to participate by written notification prior to the deadline for submission of requests to participate. No requests to participate may be altered after this deadline.

Any such notification of alteration or withdrawal shall be prepared and submitted in accordance with precedent item. The outer envelope (and the relevant inner envelope if used) must be marked 'Alteration' or 'Withdrawal' as appropriate.
