Annex IV: Technical description

A. TENDER PURPOSE AND EXPECTED RESULTS

Product #	Detailed items specifications	Unit	Quantity	Delivery
1	Vertical autoclave (100l) for jars (for making preserves and ready meals) with set of a temperature probe placed on a product sample. Adjustable temperature between 50 and 130°C. Temperature regulation by flexible heart probe or chamber probe. Adjustable pressure supports up to 2.1 Barg. Programs with up to 5 initial and 5 final segments, independently adjustable by time, pressure and temperature. Regulation by F0 and P0 values, with additional registry of Σ%F0 and Σ%P0. Adjustable water filling cycles by number and duration.	Piece	1	
2	Pot with mixer, base and faucet, Capacity 100L, Stainless steel	Piece	2	
3	Pot without Mixer with Faucet, Capacity 100L at least, Stainless steel including a basket with openings and cover	Piece	1	
4	Stoves, 2 fire eyes, 60*60*60 cm	Piece	3	
5	Gas cylinders, large size / 75kg	Piece	1	
6	Presser: Manual, Stainless steel, 75*50 at least (for egg plant (Makdus) and juices when needed)	Piece	1	
7	Grinder: Stainless steel, Can process at least 50kg per hour (robo coup style with different shapes)	Piece	2	
8	Large balance: Digital, Can weight up to 2000kg at least	Piece	1	
9	Small balance: Digital, Can weight up to 100kg at least	Piece	3	
10	Home balance: Digital, Can weight up to 1kg at least (for the addition of small quantities)	Piece	2	
11	Cooking utensils: cutting Boards (5), plates (12), graters (6), funnels with large base (6), funnels for liquids (6), sieves (2), spoons (12), forks (6), cutting knives (18), kitchen bowels to move products from the washing area (6), measuring cups (2), measuring spoons (2), Plastic crates for raw material storage 80 l with cover (12), Plastic crates for raw material storage 20 l with cover (6), trash bin (3), Wildone Stainless Steel Nesting Bowls with Airtight Lids (2) (Non-Slip Bottoms, Size 5, 3, 2, 1.5, 0.63 QT, Great for Mixing & Serving), Whisk 60 cm St. ST. (3), Ladles 60 cm (3), perforated ladles 60cm (2), spatula 60 cm (3), Double MeshStrainer 30 cm (2), large Scoop (3), St. St. Jug 1l with graduation (3), Plastic Jugs with graduation (3), small ladder (3 stairs) 1	Piece	1	
12	Cooking utensils: Stainless Steel /Heavy Duty and Deep Pots (2 pots 60 cm, 2 pots 50cm, 2 pots 45cm, 1 pot 32 cm, 1 pot 24 cm), Casserole Stainless Steel pots (1 pot 60 cm, 1 pot 50 cm, 1 pot 40 cm, 1 pot 32cm and 1 pot 24 cm)	Piece	1	
13	Exhaust fan: 60*60 m	Piece	3	
14	SS Tables: Stainless steel, 2x1 meter with shelves (at least 3 of 5)	Piece	5	
15	Elevator and Rail	Piece	1	
16	Slicer : Stainless steel, With 4 different slicing sizes at least	Piece	1

17	Manuel Vacuum Machine : For plastic bags, Width: 40 cm	Piece	3	
18	Vacuum Machine : For plastic bags, Width: 40 cm. Can be equipped as an option with a gas flushing system. Sealing bars, filling plates, and sloping inserts can be removed without tools. Carry the GS seal of approval. Double-seam sever sealing as standard equipment.	Piece	1	
19	Ink jet to print prod and expiry dates	Piece	1	
20	Pallets, plastic	Piece	4	
21	Transportation cart	Piece	1	
22	Washer/dryer 5kg	Piece	1	
23	9 meters of metal shelves to store products, rough material, tools wide 40 cm heights to be checked	m ²	9	
24	Cabinet for unused equipment and tools	Piece	1	

Delivery date (or delivery plan)

The total quantity of the product will be delivered and ready for inspection before the:

Your quotation should clearly indicate the following:

- 1 Detailed specifications
- 2 Place of manufacture and country of origin
