Expression of Interest

Ref#: MAG LB-2023-Eol-01 – Prequalification of Construction Companies

MAG Lebanon is inviting interested Construction Companies to submit their applications as described in the Instruction Sheet and its Annexes mentioned below.

The purpose of this Expression of Interest (Eol) is to identify interested and qualified contractors, who will be included in a shortlist of contractors prequalified to take part in the upcoming restricted tender process for concrete stores, APB, training facility construction and rehabilitation projects. More precise estimations of each lot will take place once Bills of Quantities and Specifications are developed for each structure and site. These will be available at the time of restricted tendering.

- Estimated number of constructions works during this period: 6
- Estimated aggregate value of MAG budget for construction works: Around 1,900,000 USD

To participate in this Eol, companies should download the Eol package from the website.

The Eol Package consists of the below documents:
