Expenditure and Revenue Verification for the
COMMON (COastal Management and MOnitoring
Network for tackling marine litter in Mediterranean sea)

COMMON (A_B.44_0080)

The enclosed document is prepared by Tyre Coast Nature Reserve (TCNR-COMMON/PP5)
August 2020-Lebanon

I. Background

A. About ENI CBC MED

1. ENI CBC Med (the Programme) is the largest Cross-Border Cooperation (CBC) initiative implemented by the European Union (EU) under the European Neighborhood Instrument (ENI). Through calls for proposals, ENI CBC Med finances cooperation projects for a more competitive, innovative, inclusive and sustainable Mediterranean area.

2. The Program has a budget of €209 million, out of which €188 for projects. The current Program phase starts from 01-09-2019 until 31-08-2020 and the Managing Authority (MA) is the Autonomous Region of Sardinia in Italy.

The amount of budget managed by Tyre Coast Nature Reserve TCNR under COMMON project is a total of €191,685.00 EUR.

B. About COMMON

3. The COMMON project aims at applying the ICZM principles to the marine litter management, improving the environmental performance of 5 pilot coastal areas in Italy (2), Tunisia (2) and Lebanon (1), testing a model that could be transferred to the whole Mediterranean area. Thanks to an improved knowledge of the marine litter phenomenon, specific training and capacity building activities addressed to local and regional authorities, MPAs, Turtles Rescue Centers and citizens, thematic awareness campaign and material, targeted networking activities at basin level, COMMON project will engage local communities in incorporating marine litter management and disposal in coastal planning with the ICZM approach. The project specific objective is to enhance the capacity of public authorities in the 5 selected areas to plan for sustainable management, use and monitoring of marine litter sources, treatment and consequences, employing an effective participatory approach involving relevant stakeholders and local communities.

C. About TCNR

4. TCNR is Tyre Coast Nature Reserve, located immediately south of Tyre city, South of Lebanon. TCNR is recognized as the most beautiful and largest sandy public beach in Lebanon. TCNR was created in 1998 by Law No. 708, and it is considered rare of its kind in Lebanon and subsequently has a great natural heritage value.

Its biodiversity derives from several elements that are grouped in a small terrestrial area of 3.8 km². TCNR also has a marine zone with a surface area (territorial waters) of about 113 km². It is characterized by the diversity of its ecological, marine and coastal ecosystems. In addition, it is an important nesting site for migratory birds and the threatened sea turtles, within a diversity of ecosystems comprising a wide variety of flora and fauna species. The lands constituting the reserve, amount to an area of 380 ha divided into three zones:

Touristic zone, Agricultural & Archaeological zone, and Conservation zone. The natural reserve contains fresh water estuaries and springs that outflow to the sea, thus creating a fresh/marine water interface, or Estuary. Both visitors and scientists recognize it as one of the most beautiful and scenic beaches in

Lebanon, with the widest biodiversity.

II. Statement of Work

A. Important Notes

5. The objective of this Request for Quotation (RFQ) is for PP5 to select a **Financial Auditor** for COMMON project in Lebanon, following the National Procedures of ENI CBC Med.
6. Once selected and before signing the contract, the Financial Auditor has to be endorsed by the Control Contact Point (CCP) of ENI CBC Med in Lebanon.
7. CCPs are appointed in each participating country to support the Managing Authority (MA) in the control tasks related to project expenditure verification.
8. CCPs endorse the Auditors selected by the Lead Beneficiary and Partners and check the Expenditure Verification Reports (EVR), if needed.
9. **The proposers are invited to carefully read this document.**
10. All information included in all the pages of this document, are an integral part of this RFQ.
11. Throughout the document, COMMON will be referred to as “the Project” and TCNR as “PP5”.
12. The Grant Contracts foresee three types of reports: Progress, Interim and Final. Each report has a specific goal with a narrative and a financial section.
13. PP5 submits a "Progress" report each semester (total 3 progress reports), then an “Interim” report first year and 2 “Interim” reports the second and third years (total 3 interim reports) and a “Final” report by the end of the Project implementation period (total 1 final report). All reports provide narrative and financial information.
14. Only Interim and Final reports (total 4 reports) are supported by auditor’s reports (Expenditure Verification Reports – EVR).
15. The reports are addressed to the MA via the proper channels.

B. Responsibilities

The tasks of the Auditor appointed by PP5 would include the following:

16. Working with PP5 and government agencies to ensure to research and solve problems and develop policies and procedures that comply with the current legislation.
17. Recording, reviewing, and interpreting data to determine the effectiveness of operations.
18. Check the related documents and accounting on avoidance of possible double funding.
19. Verify the adequacy of supporting documents.
20. Check the record-keeping and archiving rules for the documentary evidence related to the implementation of the Project.

21. Notify irregularities and suspicion of fraud or corruption, as the case may be.
22. The selected Financial Auditor will verify the expenses declared in the project activities, according to the Program rules and procedures and the requirements of the Grant Contract of the project, to be issued as an Expenditure Verification Report (EVR).
23. EVR is the document issued by the Auditor appointed by PP5 for the verification of expenses.
24. The financial Auditor must ensure to carry out an onsite verification as needed and at least **once** during the verification of **each EVR**, in order to verify the original supporting documents, the procurement procedures, the outputs of the Project, the evidence of services, works, equipment, and the adequacy of the accounting systems. A list of Project outputs will be produced and signed by the auditors as attachment to the EVR.
25. The expenditure verifications shall be carried out according to formats and checklists agreed upon with the MA, and their outcome will be the EVR that will be attached to each payment request following the initial pre-financing. The Financial Auditor will have to verify the analytical report expenditure by expense, indicating for each individual expense, the compliance or not, the amount of ineligible expenses and the reasons for non-eligibility, if any.
26. The Financial Auditor will have to verify the compliance with the auditing rules and complete all the needed documentation.
27. The Financial Auditor may need to process the model forms online through the Management Information System (MIS), if requested, as a final result of the verification.
28. The Financial Auditor is responsible for performing the agreed-upon procedures with due care and full respect of the Code of Ethics, as well as submitting the reports to PP5 with its annexes, according to the templates and procedures established.
29. PP5 is responsible for providing the Financial Report, as well as giving access to its accounting, supporting documents and Project documentation and physical investments to the Auditor.
30. Should the MA have any doubt concerning the findings indicated in the EVR, the Auditor will receive a request for clarification via PP5, which will be answered in a maximum of 7 calendar days.
31. The MA may carry out quality control of the work carried out by the Auditor, including the examination of the working papers, at any moment during the execution period of the Grant Contract.

C. Implementation of Tasks and Audit Duration

32. The start date for implementation shall be the date of signature of the contract by both parties.
33. The EVR shall be delivered to PP5 within 30 calendar days from submission of the financial report by PP5.
34. Only Interim (3) and Final (1) reports are supported by auditor's EVR.
35. The table below shows the deadlines of submission for the Project EVR:

Type of the Report	Months Covered by the Report – Reporting Period	Deadline for Submission of EVR
Interim 1	1-12	2 months after the end of the reporting period
Interim 2	13-18	2 months after the end of the reporting period
