Ethics Clauses

SHiFT's POLICIES ON ANTI-PERSONNEL MINES & CHILD RIGHTS:

SHiFT requires that a contractor guarantees that he is not engaged in the sale or manufacture, either directly or indirectly, of anti-personnel mines or any component produced primarily for the operation thereof, and that the contractor represents and warrants that neither he, nor any of its vendors are engaged in any practice inconsistent with the rights set forth in the UN Convention on the rights of the child.

FURTHER SHiFT POLICIES:

Any attempt by a candidate or bidder to obtain confidential information, enter into unlawful agreements with competitors or influence the Evaluation Committee or the Contracting Authority during the process of examining, clarifying, evaluating and comparing tenders will lead to the rejection of its candidacy or tender and may result in administrative penalties.

Without the Contracting Authority's prior written authorisation, a contractor and his staff or any other company with which the contractor is associated or linked may not, even on an ancillary or subcontracting basis, supply other services, carry out works or supply equipment for the project. This prohibition also applies to any other programmes or projects that could, owing to the nature of the contract, give rise to a conflict of interest on the part of the contractor.

When putting forward a candidacy or tender, the candidate or tenderer must declare that he is affected by no potential conflict of interest, and that he has no particular link with other tenderers or parties involved in the project. Should such a situation arise during performance of the contract, the contractor must immediately inform the Contracting Authority.

The contractor must at all-time act impartially and as a faithful adviser in accordance with the code of conduct of its profession. He must refrain from making public statements about the project or services without the Contracting Authority's prior approval. He may not commit the Contracting Authority in any way without its prior written consent.

For the duration of the contract, the contractor and his staff must respect human rights and undertake not to offend the political, cultural and religious mores of the beneficiary country.

The contractor may accept no payment connected with the contract other than that provided for therein. The contractor and his staff must not exercise any activity or receive any advantage inconsistent with their obligations to the Contracting Authority.

The contractor and his staff are obliged to maintain professional secrecy for the entire duration of the contract and after its completion. All reports and documents drawn up or received by the contractor are confidential.

The contract shall govern the contracting parties' use of all reports and documents drawn up, received or presented by them during the execution of the contract.

The contractor shall refrain from any relationship likely to compromise its independence or that of his staff. If the contractor ceases to be independent, the Contracting Authority may, for any injury suffered by him, terminate the contract without further notice and without the contractor having any claim to compensation.

The Contracting Authority reserves the right to suspend or cancel the contract if 'corrupt practices' are discovered at any stage of the award process or during the implementation of the contract itself. For the purposes of this provision, 'corrupt practices' are the offer of a bribe, gift, gratuity or commission to any person as an inducement or reward for performing or refraining from any act relating to the award of a contract or implementation of a contract already concluded with the Contracting Authority.

Tenderers must provide a statement to the effect that they are not in any of the exclusion situations (annex 2).
