Lots Titles:

Lot 01: Anesthesia Machine

Lot 02: Washing Machine for Medical Instruments

Lot 03: Steam Sterilizer

Lot 04: Two (2) Ventilators (Respirator)

Lot 05: Four (4) Operating Ceiling Lamps LED double head

Lot 06: Cardiac Monitor

---

## TERMS OF PARTICIPATION

### 8. Eligibility and rules of origin

Participation is open to all natural persons who are nationals of and legal persons (participating either individually or in a grouping – consortium - of tenderers) which are effectively established in a Member State of the European Union or in a eligible country or territory as defined under the Regulation (EU) N°236/2014 establishing common rules and procedures for the implementation of the Union's instruments for external action (CIR) for the applicable Instrument under which the contract is financed (see also heading 22 below). Participation is also open to international organisations.

All supplies under this contract must originate in one or more of these countries.

### 9. Grounds for exclusion

Tenderers must submit a signed declaration, included in the Tender Form for a Supply Contract, to the effect that they are not in any of the situations listed in point 2.3.3 of the Practical Guide.

### 10. Number of tenders

Tenderers may submit only one tender per lot. Tenders for parts of a lot will not be considered. Any tenderer may state in its tender that it would offer a discount in the event that its tender is accepted for more than one lot. Tenderers may not submit a tender for a variant solution in addition to their tender for the supplies required in the tender dossier.

### 11. Tender guarantee

Tenderers must provide a tender guarantee of EURO 330 for lot 01, EUR 250 for lot 02, EUR 250 for lot 03, EUR 260 for lot 04, EUR 540 for lot 05 and EUR 35 for lot 06 when submitting their tender. This guarantee will be released to unsuccessful tenderers once the tender procedure has been completed and to the successful tenderer[s] upon signature of the contract by all parties. This guarantee will be called upon if the tenderer does not fulfil all

obligations stated in its tender.

## **12. Performance guarantee**

No performance guarantee is required.

## **13. Information meeting and/or site visit**

No information meeting is planned.

## **14. Tender validity**

Tenders must remain valid for a period of 90 days after the deadline for submission of tenders. In exceptional circumstances, the Contracting Authority may, before the validity period expires, request that tenderers extend the validity of tenders for a specific period (see para 8.2 of the instructions to tenderers).

## **15. Period of implementation of tasks**

The delivery of the goods may take no more than one hundred twenty (120) days beginning from the signature of the contract.

---

# **SELECTION AND AWARD CRITERIA**

## **16. Selection criteria**

The following selection criteria will be applied to tenderers. In the case of tenders submitted by a consortium, these selection criteria will be applied to the consortium as a whole unless specified otherwise. The selection criteria will not be applied to natural persons and single-member companies when they are sub-contractors:

- 1) Economic and financial capacity of tenderer (based on i.a. item 3 of the Tender Form for a Supply Contract). In case of tenderer being a public body, equivalent information should be provided. The reference period which will be taken into account will be the last five (5) years for which accounts have been closed.

The selection criteria for each tenderer are as follows:

- the average annual turnover of the tenderer must exceed the annualised maximum budget of the contract (minimum annual turnover requested may not exceed 2 times the estimated annual contract value, except in duly justified cases motivated in the tender dossier);
- 2) Professional capacity of tenderer (based on i.a. items 4 and 5 of the Tender Form for a Supply Contract). The reference period which will be taken into account will be the last 5 years from submission deadline.
    - 1- The supplier has professional certificates appropriate to this contract.
    - 2- The supplier has at least five (5) staff working for the tenderer in the fields related to this contract.

- 3) Technical capacity of tenderer (based on i.a. items 5 and 6 of the Tender Form for a Supply Contract). The reference period which will be taken into account will be the last 3 years from submission deadline.
- the tenderer has delivered supplies under at least 2 contracts with a budget of at least 50,000 EUR in supply of medical equipment which were implemented during the following period: 1 January 2015 – 31 December 2017.

The tenderer shall submit copies of the certificates of provisional or final acceptance issued by the client/employer/contracting authority of the projects concerned and/or a written letter of satisfaction from the client/employer/contracting authority evidencing the essential elements required by the technical capacity criterion (3) above.

This means that the contract the tenderer refers to could have been started or completed at any time during the indicated period but it does not necessarily have to be started and completed during that period, nor implemented during the entire period. Tenderers are allowed to refer either to projects completed within the reference period (although started earlier) or to projects not yet completed. In the first case the project will be considered in its whole if proper evidence of performance is provided (statement or certificate from the entity which awarded the contract, final acceptance). In case of projects still on-going only the portion satisfactorily completed during the reference period will be taken into consideration. This portion will have to be supported by documentary evidence (similarly to projects completed) also detailing its value.

#### Capacity-providing entities

An economic operator may, where appropriate and for a particular contract, rely on the capacities of other entities, regardless of the legal nature of the links which it has with them. Some examples of when it may not be considered appropriate by the Contracting Authority are when the tenderer relies in majority on the capacities of other entities or when they rely on key criteria. If the tenderer relies on other entities it must prove to the Contracting Authority that it will have at its disposal the resources necessary for performance of the contract, for example by producing a commitment on the part of those entities to place those resources at its disposal. Such entities, for instance the parent company of the economic operator, must respect the same rules of eligibility and notably that of nationality, as the economic operator. Furthermore, the data for this third entity for the relevant selection criterion should be included in the tender in a separate document. Proof of the capacity will also have to be furnished when requested by the Contracting Authority.

With regard to technical and professional criteria, a tenderer may only rely on the capacities of other entities where the latter will perform the tasks for which these capacities are required.

With regard to economic and financial criteria, the entities upon whose capacity the tenderer relies, become jointly and severally liable for the performance of the contract.
