## AVSI Express of Interest (EOI)

AVSI Foundation, an NGO created in 1972, carries out cooperation projects for development, with particular emphasis on education. In its work, its attention is focused on the defense and promotion of the dignity of the person, the cornerstone of every project. We work all around the world thanks to a network of 35 founding members and more than 700 partners worldwide.

AVSI Foundation has been operating in Syria since 2014 and contributed in supporting the most vulnerable local communities through providing projects and activities that focus on health and psycho-social assistance, education, vocational training and job placement and income-generating activities.

AVSI is now launching an Express of Interest (EOI) to identify suppliers from all categories to be added to AVSI's list of "pre-identified suppliers"

### Objective of the EOI

This request for EOI is intended to help AVSI identify suppliers and service providers who are interested in being included in a pool of pre-identified providers who may be hired to engage in various purchases, consulting, trainings activities for AVSI. Being 'pre-identified' does not guarantee any provider business with AVSI; rather it means that interested providers may become part of a short-list of firms who will be contacted and considered for future specific scopes of work within AVSI programs.

This request for EOI will help AVSI to be aware of the providers' capacities, skills and specializations, and it may enable AVSI to narrow the pool of competition to only pre-identified, eligible providers. It therefore allows AVSI to quickly issue RFPs (Request for Proposals) to the relevant pre-identified firms to carry out necessary tasks for the projects.
