FURTHER HIMAYA POLICIES:

Any attempt by a candidate or bidder to obtain confidential information, enter into unlawful agreements with competitors or influence the Evaluation Committee or the Contracting Authority during the process of examining, clarifying, evaluating and comparing tenders will lead to the rejection of its candidacy or tender and may result in administrative penalties.

Without the Contracting Authority's prior written authorisation, a contractor and his staff or any other company with which the contractor is associated or linked may not, even on an ancillary or subcontracting basis, supply other services, carry out works or supply equipment for the project. This prohibition also applies to any other programmes or projects that could, owing to the nature of the contract, give rise to a conflict of interest on the part of the contractor.

When putting forward a candidacy or tender, the candidate or tenderer must declare that he is affected by no potential conflict of interest, and that he has no particular link with other tenderers or parties involved in the project. Should such a situation arise during performance of the contract, the contractor must immediately inform the Contracting Authority.

If the contractor ceases to be independent, the Contracting Authority may, for any injury suffered by him, terminate the contract without further notice and without the contractor having any claim to compensation.

The Contracting Authority reserves the right to suspend or cancel the contract if 'corrupt practices' are discovered at any stage of the award process or during the implementation of the contract itself.
