

PARTNER INFORMATION AND PRE-ASSESSMENT TOOL

This tool will assist War Child in identifying local partners for the MoFA project titled "Building Resilient Futures: For Conflict-Affected Children in Jordan, Lebanon, and Uganda." It will also help War Child assess the capacity of potential partners, focusing on partner's desire to implement Evidence Based Methodologies, their access to communities in need of these services and their resources to support service delivery. Successful applicants are expected to dedicate staff time, space, and logistical support for implementation. Selected partner will receive grants to offset associated costs, subject to a financial assessment.

1. GENERAL INFORMATION

General Information	Detailed Information
Name of Organization	
Address of main office	
Address of sub-office	
Name of Chief Executive Officer/ Executive Director	
Contact Person and Position at the organization	
Mobile/Tel No.
