

Request for Quotation (RFQ)

RFQ Number: LED RFQ- 147

Issuance Date: June 17, 2020

Deadline for Offers: June 26, 2020

Description: Chemical Engineering Consulting

For: LED-Lebanon

Funded By: United States Agency for International Development (USAID),
Contract No. AID-268-17-C-00001-00

Implemented By: Chemonics Beirut S.A.R.L

Point of Contact: Roger Karam

******* ETHICAL AND BUSINESS CONDUCT REQUIREMENTS *******

Chemonics is committed to integrity in procurement, and only selects suppliers based on objective business criteria such as price and technical merit. Chemonics expects suppliers to comply with our Standards of Business Conduct, available at <http://www.chemonics.com/OurStory/OurMissionAndValues/Standards-of-Business-Conduct/Pages/default.aspx>.

Chemonics does not tolerate fraud, collusion among offerors, falsified proposals/bids, bribery, or kickbacks. Any firm or individual violating these standards will be disqualified from this procurement, barred from future procurement opportunities, and may be reported to both USAID and the Office of the Inspector General.

Employees and agents of Chemonics are strictly prohibited from asking for or accepting any money, fee, commission, credit, gift, gratuity, object of value or compensation from current or potential vendors or suppliers in exchange for or as a reward for business. Employees and agents engaging in this conduct are subject to termination and will be reported to USAID and the Office of the Inspector General. In addition, Chemonics will inform USAID and the Office of the Inspector General of any supplier offers of money, fee, commission, credit, gift, gratuity, object of value, or compensation to obtain business.

Offerors responding to this RFQ must include the following as part of the proposal submission:

- Disclose any close, familial, or financial relationships with Chemonics or project staff. For example, if an offeror's cousin is employed by the project, the offeror must state this.
- Disclose any family or financial relationship with other offerors submitting proposals. For example, if the offeror's father owns a company that is submitting another proposal, the offeror must state this.
- Certify that the prices in the offer have been arrived at independently, without any consultation, communication, or agreement with any other offeror or competitor for the purpose of restricting competition.
- Certify that all information in the proposal and all supporting documentation are authentic and accurate.
- Certify understanding and agreement to Chemonics' prohibitions against fraud, bribery and kickbacks.

Please contact Douglas Griffith, dgriffith@chemonics.com with any questions or concerns regarding the above information or to report any potential violations. Potential violations may also be reported directly to Chemonics' Washington office through the contact information listed on the website found at the hyperlink above.

Section 1: Instructions to Offerors

1. **Introduction:** Chemonics, through Chemonics Beirut S.A.R.L., acting on behalf of the U.S. Agency for International Development (USAID) and the Lebanon Enterprise Development (LED) Project, under contract number AID-268-C-17-00001, is soliciting proposals from local Lebanese firms that can support our client on the below scope of work.

Offerors are responsible for ensuring that their offers are received by Chemonics in accordance with the instructions, terms, and conditions described in this RFQ. Failure to adhere with instructions described in this RFQ may lead to disqualification of an offer from consideration.

Offerors should take note that this RFQ does not obligate Chemonics to execute a subcontract nor does it commit Chemonics to pay for any costs incurred in the preparation and submission of any proposals for this solicitation. Furthermore, Chemonics reserves the right to reject any and all offers, if such action is considered to be in the best interest of Chemonics.

2. **Offer Deadline and Protocol:** Offerors shall submit their proposals electronically in accordance with the instructions below:
 - **Technical and financial** offers must be received no later than 4 pm local Beirut time on **June 26, 2020** by email to LEDprocurement@lebanon-edp.com
 - Technical offer **ONLY** shall be submitted to the client. It is the responsibility of the offeror to share contact information of the client and send the technical offer before the above-mentioned deadline.

Please reference the RFQ number **147** in any response to this RFQ. Offers received after the specified time and date will be considered late and will be considered only at the discretion of Chemonics.

3. **Questions:** Questions regarding the technical should be asked to the client directly during site visit & questions regarding administrative requirements of this RFQ may be submitted no later than 4 pm local Beirut time on **June 24, 2020** by email to LEDprocurement@lebanon-edp.com Questions must be submitted in writing; phone calls will not be accepted. Questions and requests for clarification—and the responses thereto—that Chemonics believes may be of interest to other offerors will be circulated to all RFQ recipients who have indicated an interest in bidding.

Only the written answers issued by Chemonics will be considered official and carry weight in the RFQ process and subsequent evaluation. Any verbal information received from employees of Chemonics or any other entity should not be considered as an official response to any questions regarding this RFQ.

4. **Scope of Work:** Section 3 contains the scope of work of the required service.
5. **Quotations:** Quotations in response to this RFQ must be priced on a fixed-price, all-inclusive basis, including delivery and all other costs. **Pricing must be presented in USD** and offers must remain valid for not less than thirty (30) calendar days after the offer deadline. Offerors are requested to provide quotations on their official quotation format or letterhead;

In addition, offerors responding to this RFQ are requested to submit the following:

- Organizations responding to this RFQ are requested to submit a copy of their official registration or business license.

6. **Taxes and VAT:** The agreement under which this procurement is financed is not exempt from the payment of taxes, tariffs, duties, or other levies imposed by any laws in effect in the Cooperating Country. Therefore, offerors must include taxes, charges, tariffs, duties and levies in accordance with the laws of the Cooperating Country.
Chemonics Beirut SARL is VAT exempted all invoices issued by your company will be stamped and signed with a special stamp filled in detail as mentioned in the agreement with the ministry of finance.
7. **Eligibility:** By submitting an offer in response to this RFQ, the offeror certifies that it and its principal officers are not debarred, suspended, or otherwise considered ineligible for an award by the U.S. Government. Chemonics will not award a contract to any firm that is debarred, suspended, or considered to be ineligible by the U.S. Government.
8. **Evaluation Criteria:** The award will be made to a responsible offeror whose offer follows the RFQ instructions, meets the eligibility requirements, and is determined via a trade-off analysis to be the best value based on application of the following evaluation criteria. The relative importance of each individual criterion is indicated by the number of points below
1. *Cost: 30 Points*
 2. *Offeror's qualification, expertise & past experience: 20 Points*
 3. *Scope of Work: 25 Points*
 4. *Site Visit & Client feedback: 20 Points*
 5. *Timeline & Days of Intervention: 5 Points*

Follow-up discussions may be conducted with several Consultant(s) to resolve any questions, finalize the scope of work and agreement on final not-to-exceed costs as a means to recommend final selection to Chemonics.

Please note that if there are significant deficiencies regarding responsiveness to the requirements of this RFQ, an offer may be deemed “non-responsive” and thereby disqualified from consideration. Chemonics reserves the right to waive immaterial deficiencies at its discretion.

Best-offer quotations are requested. It is anticipated that award will be made solely on the basis of these original quotations. However, Chemonics reserves the right to conduct any of the following:

- Chemonics may conduct negotiations with and/or request clarifications from any offeror prior to award.
- While preference will be given to offerors who can address the full technical requirements of this RFQ, Chemonics may issue a partial award or split the award among various suppliers, if in the best interest of the Lebanon LED Project.
- Chemonics may cancel this RFQ at any time.

Please note that in submitting a response to this RFQ, the offeror understands that USAID is not a party to this solicitation and the offeror agrees that any protest hereunder must be presented—in writing with full explanations—to the Lebanon-LED Project for consideration, as USAID will not consider protests regarding procurements carried out by implementing partners. Chemonics, at its sole discretion, will make a final decision on the protest for this procurement.

9. **Terms and Conditions:** This is a Request for Proposal only. Issuance of this RFQ does not in any way obligate Chemonics, the LED Project, or USAID to make an award or pay for costs incurred by potential offerors in the preparation and submission of an offer.

This solicitation is subject to Chemonics' standard terms and conditions. Any resultant award will be governed by these terms and conditions; a copy of the full terms and conditions is available upon request.

Section 2: Offer Checklist

To assist offerors in preparation of proposals, the following checklist summarizes the documentation to include an offer in response to this RFQ:

- SOW for each consultancy
- Timeline & Days of intervention;
- Cost in USD for each consultancy
- Qualification, expertise & past experience: please include:
 - CVs for the consultants that will work on the project
 - Company Profile
 - List of clients having similar intervention
- Company Registration papers

Section 3: Scope of Work

A- Description of the Client

Bachir Hijazi Est.: Main Road – Jadra – Chouf – Mount Lebanon

Bachir Hijazi Est. (BH) is a leading establishment founded in 2000 carrying out transportation services, used oil collection and distribution, and green solutions activities. They also provide effective project management, execution, and consulting. The company offers its clients the best in personnel, industry insight and innovative technologies to reduce the value and cost of production during the turnaround or project. They are committed to providing reliable, and professional service to their clients, and to being supportive to local businesses and social activities, friendly to the environment as well as being proactive in the socio-economic environments. This led them to establish, back in 2017, a small recycle plant in Bekaa where they reprocessed the collected used oil from all over the region by using commercial filtration systems to remove insoluble impurities. The resulting oil, known as reconditioning oil, has very limited uses; it is generally used for fuel and is only good for one-time use.

The company's next plan is to start a refinery that specializes in processing used oil and re-refining it into lubricating oils that can be used to formulate engine oils. For this purpose, they rented land in Jadra – Chouf region and they installed a hangar, made the necessary infrastructure, and installed part of the machines.

The plant can reproduce 10 tons of used motor oil per day. The company will collect used oil from all the Lebanese coast mainly from gas stations, car/trucks mechanic stores, owners of generators for electricity supply, and many others.

As a preparation step, BH contacted TUV (Technical Inspection Association), a German consulting business that specializes in certifying compliance with various recognized safety and qualification standards. This certification will facilitate the commercialization of the product in the international market.

Reprocess used motor oil into burn reconditioning oil by only removing the insoluble contaminants is a fairly simple process; but the re-refining/regeneration process is much sophisticated. It consists of restoring used oil to new oil by removing impurities and contaminants. The process is composed of different stages of treatment as follow: test the oil to determine its suitability for re-refining, dehydrate the oil to remove the residual light fuel that can be used to power the refinery and treat the water distillate, separate the oil into three different oil grades; the oil that is produced in this step is referred to as re-refined premium grade base oil. A further process of refining and blending is then carried out to produce finished products with the right detergent and anti-friction qualities. Then the product is tested again for quality and purity before being released for sale to the public. While the owners have a basic knowledge of the re-refining process, the lack all the know-how needed to succeed.

LED will cost share with BH to hire a consulting firm with extensive experience within the field of chemical engineering that will work with the company to find the finished product of lubricating oil. First, the consultant will identify suitable and acceptable reuse and recycling options and

technologies in respect of aiming at ensuring optimal product yield, meeting utility and energy requirements, limiting hazardous chemicals used and waste volumes produced so the activity is to be economically viable; hence, a feasible roadmap with specific steps of the chosen re-refining process to return the base oil to a usable condition or state would be defined. After that, the consultant will ensure that the oil must meet the same stringent refining, compounding, and performance standards as virgin oil for use in automotive, heavy-duty diesel, and other internal combustion engines, and hydraulic fluids and gear oils. As a final step, the consultant will work closely with the team and the management to ensure that everyone is in the loop of the technical process developed and is being increasingly applied; however, the commitment of the human resources is necessary to the rapid and further commercialization of the product and to identify new management methods to overcome any environmental problems.

Site Visit

The site visit for this requirement is **mandatory**. If you submit a tender without having attended the site visit your bid may be deemed non-compliant and will not be considered.

To arrange a visit, please coordinate a site visit with our business advisor for each client before the deadline. Depending on the situation, each client has the right to take conference calls instead of site visit.

Client	Business Advisor	Tel
Bachir Hijazi Est	Nivine Chaaban	+961 70 516 132

Scope of Work:

Each consultancy firm should submit a proposal that include a detailed SOW accompanied with price for each technical assistant.

N.B: Before awarding the contract for the winning vendor please be reminded that the SOW hence deliverables will be divided between LED and the client firm. The consultancy firm will sign two separate contracts for the SOW:

1. A contract to be signed with LED that represents most of the technical assistance deliverables and;
2. A contract to be signed with the client firm to represent the deliverables for the client cost share part.

Section 4: Offer Cover Letter

The following cover letter must be placed on letterhead and completed/signed/stamped by a representative authorized to sign on behalf of the offeror:

To: LED Project
Qubic Center, 10th Floor, Section E&D
Daoud Ammoun Str., Horsh Tabet, Sin El Fil
Beirut, Lebanon

Reference: RFQ No. **147**

To Whom It May Concern:

We, the undersigned, hereby provide the attached offer to perform all work required to complete the activities and requirements as described in the above-referenced RFQ. Please find our offer attached.

We hereby acknowledge and agree to all terms, conditions, special provisions, and instructions included in the above-referenced RFQ. We further certify that the below-named firm—as well as the firm’s principal officers and all commodities and services offered in response to this RFQ—are eligible to participate in this procurement under the terms of this solicitation and under USAID regulations.

Furthermore, we hereby certify that, to the best of our knowledge and belief:

- We have no close, familial, or financial relationships with any Chemonics or LED project staff members;
- We have no close, familial, or financial relationships with any other offerors submitting proposals in response to the above-referenced RFQ; and
- The prices in our offer have been arrived at independently, without any consultation, communication, or agreement with any other offeror or competitor for the purpose of restricting competition.
- All information in our proposal and all supporting documentation is authentic and accurate.
- We understand and agree to Chemonics’ prohibitions against fraud, bribery, and kickbacks.

We hereby certify that the enclosed representations, certifications, and other statements are accurate, current, and complete.
