Deadline for questions	Date: Wednesday, September 18 th , 2024 Time: 2:00 PM Please address questions to: +961 81 425 138

PROGRAMME DETAILS

Under WFP’s School Snacks 2024-2025 Programme, DCL is requested to distribute healthy snacks or cold meals to children registered in 63 schools (31 in North Lebanon and 32 in Akkar).

In each school, a room/space (approx. 10m²) will be dedicated by the school’s director for the snacks’ storage.

In 2 of the 63 schools, pest control will need to be applied in both the kitchens and the storage rooms as they are operating kitchen schools (marked with an asterisk in Annex B).

Within this context, DCL seeks to contract a suitable supplier to provide pest control management services in the storage rooms of the 63 assigned schools, in addition to the 2 kitchens in the operating kitchen schools.

The first round of pest control should be completed by the 27th of September 2024, and should be repeated in February 2025 and April 2025 (3 rounds in total).

SUPPLIER’S ROLE

The selected supplier should provide:

- Three rounds of pest control (September 2024, February 2025, and April 2025).
- Use of pesticides for rodents and crawling insects such as worms, ants, cockroaches. Pesticides should be food-storage area friendly (Certificate required)
- Inspection of:
 - The storage room status, checking for any cracks or openings (like holes made as water outlets or other).
 - The status of the windows and doors, checking if they close properly and if there are any cracks that may allow insects or rodents to enter.

- Humidity, ventilation, and sunlight levels, and the suitability for fresh food storage. If the humidity levels are high, then, a solution should be identified and, upon approval by DCL, should be implemented (potential cost will be discussed separately, on a per case basis).
 - Any potential risk related to the storage of food items.
- Comprehensive report with comments on all the above points following the visits to the schools.

IMPORTANT NOTE

The supplier must be prepared to conduct additional pest control services outside of the scheduled rounds if significant changes or pest issues arise, such as changes in storage conditions or unexpected pest infestations. Within this context, please include an estimate of the cost for these additional services in your quotation under “Price of Additional Services” in Annex C, Financial Offer.

LIST OF SCHOOLS AND RESPECTIVE LOCATIONS

The list of schools with their exact locations is provided in Annex B (63 schools).

HOW TO APPLY:

Please fill in the RFQ Form (Annex A), and financial offer (Annex C) and submit to procurement@dclngo.org along with the following documents;

- (a) background of your company (years of operation, ownership status, etc)
- (b) analysis of the pest control management process to be used
- (c) portfolio of clientele
- (d) MSDS and TDS sheets

ANNEX A: RFQ Form

Fill in the below RFQ and attach the company's registration form, tax registration form, VAT registration form, ISO 22000 or equivalent certification, a portfolio list along, and reference contacts along with proof of the respective collaboration.
