******* ETHICAL AND BUSINESS CONDUCT REQUIREMENTS *******

Chemonics is committed to integrity in procurement, and only selects suppliers based on objective business criteria such as price and technical merit. Chemonics expects suppliers to comply with our Standards of Business Conduct, available at <http://www.chemonics.com/OurStory/OurMissionAndValues/Standards-of-Business-Conduct/Pages/default.aspx>.

Chemonics does not tolerate fraud, collusion among offerors, falsified proposals/bids, bribery, or kickbacks. Any firm or individual violating these standards will be disqualified from this procurement, barred from future procurement opportunities, and may be reported to both USAID and the Office of the Inspector General.

Employees and agents of Chemonics are strictly prohibited from asking for or accepting any money, fee, commission, credit, gift, gratuity, object of value or compensation from current or potential vendors or suppliers in exchange for or as a reward for business. Employees and agents engaging in this conduct are subject to termination and will be reported to USAID and the Office of the Inspector General. In addition, Chemonics will inform USAID and the Office of the Inspector General of any supplier offers of money, fee, commission, credit, gift, gratuity, object of value, or compensation to obtain business.

Offerors responding to this RFQ must include the following as part of the proposal submission:

- Disclose any close, familial, or financial relationships with Chemonics or project staff. For example, if an offeror's cousin is employed by the project, the offeror must state this.
- Disclose any family or financial relationship with other offerors submitting proposals. For example, if the offeror's father owns a company that is submitting another proposal, the offeror must state this.
- Certify that the prices in the offer have been arrived at independently, without any consultation, communication, or agreement with any other offeror or competitor for the purpose of restricting competition.
- Certify that all information in the proposal and all supporting documentation are authentic and accurate.
- Certify understanding and agreement to Chemonics' prohibitions against fraud, bribery and kickbacks.

Please contact Douglas Griffith, dgriffith@chemonics.com with any questions or concerns regarding the above information or to report any potential violations. Potential violations may also be reported directly to Chemonics' Washington office through the contact information listed on the website found at the hyperlink above.

Section 3: Scope of Work

A- Description of the Client

Sicomo sal Kab Elias, Bekaa

Established in 1974 by the late Chafic Azar in Qab Elias in the Bekaa Valley in the middle of an agricultural area, Sicomo is a board recycling factory that produces paper board. In 1999, the company changed hands when Chaoui Group bought the majority of the shares.

The company produces boards for books and agenda binding, boards for box files, paper for tubes (toilet/film/alum/textile...), boards for snack food contact, boards for shoeboxes, and metallized board for food container/support.

Sicomo is one of 6 paper/board plants in Lebanon that manufacture 100% recycled board. The yearly production is 25,000 tons, out of which a small percentage goes to France where the demand there for such products is high. Sicomo supplies among others, MasterPak (member of Indevco group) <https://masterpaklb.com/> and Fouad Beaino book bindery: the most famous bookbinder in the Middle East.

Today Sicomo is working diligently to increase its production capacity of the laminated board from 3,000 tons per year to reach 5,000 tons per year, with plans to export the majority of this production.

Sicomo is already cooperating in France with a food packaging specialist located in Andrezieux and is acting as a distributor of Sicomo products for food packaging only. Today the company is seeking other potential clients with a presence in different locations to expand its business.

The new buyers will be buying from Sicomo metalized board for food container/support mainly.

The company is exporting a minor percentage of its production to France. Since Sicomo products are of high quality and the French/ European market requires similar products, for the company to be able to expand more its business there, it lacks a detailed understanding of the industry in the French/European context on top of the international business development mechanism that will allow them to navigate foreign markets adding to it a well-equipped sales team that can go along with the international market requirements.

LED will cost-share with Sicomo to hire a consulting firm to fill the gaps of Sicomo starting with a detailed understanding of the European market in this industry and how to navigate it in a way to win over competition and grow. Adding to it is an international business development mechanism that is suitable to the targeted market along with an international sales structure that will allow them to grow without killer pitfalls. The consultant must have extensive experience in products similar to the company in the French market. The consultant will provide international business development assistance oriented to the European and specifically French and West-European markets. The consultant must have a deep knowledge of the workings of those markets in this specific field.

The consultant will provide a strategic and operational plan that would include: market inventory, benchmark of existing actors, roadmap for business development, and KPI of success.

Site Visit

Site visit or conference call with the client for this requirement is mandatory. If you submit a tender without having attended the site visit or making a conference call, your bid may be deemed non-compliant and will not be considered.

To arrange a visit or conference call, please coordinate with our business advisor for each client before the deadline. Depending on the situation, each client has the right to take conference calls instead of site visit. **The client has the right to stop meeting consultants/ consultancy firms at his disclosure.**

| Client | Business Advisor | Tel |
|---------------|-------------------------|-----------------|
| Sicomo | Samer Salamany | +961 70 516 980 |

Each consultant should submit a proposal that include a detailed SOW accompanied with price for each technical assistant. Please note that each consultancy firm has the right to choose to submit their proposal for one and/or more companies combined.

N.B: Before awarding the contract for the winning vendor please be reminded that the SOW hence deliverables will be divided between LED and the client firm. The consultancy firm will sign two separate contracts for the SOW:

1. A contract to be signed with LED that represents most of the technical assistance deliverables and;
2. A contract to be signed with the client firm to represent the deliverables for the client cost share part.

Section 4: Offer Cover Letter

The following cover letter must be placed on letterhead and completed/signed/stamped by a representative authorized to sign on behalf of the offeror:
