## SAMS Safeguarding Statement – Procurement

SAMS is committed to protect the served community from all forms of harm specifically sexual exploitation, exploitation, sexual abuse and abuse – SEA, to protect SAMS work environment from all forms of sexual harassment and harassment – SHH, to fulfill SAMS endeavors to protect children from child abuse and to stand against all forms of child labor<sup>1</sup>, all SAMS collaborators<sup>2</sup> are required to adhere to SAMS safeguarding terms.

This Statement is a part of all contractual agreements that might take place between SAMS and any third party that could be considered as a collaborator according to SAMS terms. All contractual agreements with any collaborator cannot be officially acknowledged by SAMS unless if this statement is fully signed and acknowledged by the concerned third party, this extends to the level that SAMS will not accept any contractual agreement between any of SAMS country offices and any collaborator unless if this statement is included as an annex and fully signed simultaneously with the signing the contractual agreement.

### The Statement Terms

1. The collaborator is prohibited from using child labor in the delivery of goods or services under this contract. For the purposes of this statement, child labor includes all full-time work by any child younger than 18 or the basic minimum age for completing mandatory schooling, whichever is younger and also includes any work which, by its nature or the circumstances in which it is carried out, is likely to harm the health, safety, or morals of children ("hazardous work").
2. If any children in employment or in any other forms of contractual engagements will be used in the delivery of any services, this must be declared in writing to SAMS for approval prior to the start of work on the contract. As part of this declaration, any children between the ages of 15-18 must be specifically identified along with a description of their duties and work hours. In narrow circumstances and with prior written permission from SAMS, children from age 15-18 may perform part-time, non-hazardous work in the delivery of goods/services to the extent that it does not hinder their education or violate local and international laws.
3. If the collaborator is engaged in delivering services to SAMS beneficiaries, sexual relationships with beneficiaries by its employees will not be tolerated since they are based on inherently unequal power dynamics. They are also strictly prohibited from engaging in sexual activity with children (persons under the age of 18) regardless of the age of majority or age of consent locally, or exchanging money, employment, goods, or services for sexual favors.
4. The collaborator, its employees and its subcontractors are prohibited from engaging in verbal<sup>3</sup> or physical abuse<sup>4</sup> of any individual.
5. The collaborator, its employees and its subcontractors are prohibited from using any personal data of SAMS beneficiaries or SAMS staff for any purposes that may fall out of the defined scope of work within the contractual agreement and any use of SAMS data, out of the defined scope, must be requested, in written, and approved from SAMS senior management which may include SAMS HQ senior management in cases where the data hold by the collaborator are considered as a high sensitive data by SAMS end or in cases where the collaborator may hold personal data on SAMS served population or SAMS personnel.
6. Prior to any contractual agreement between SAMS entities and any collaborator, SAMS will perform the needed background checks regarding the collaborator including ATS checks, security checks and any other checks that SAMS might find the need to search about background and history of the collaborator.
7. Prior to any contractual agreement between SAMS entities and any collaborator, the collaborator is asked to sign SAMS code of conduct. The collaborator reserves the right to request clarification and induction on any documents provided by SAMS at the contracting stage.
8. Once the agreement is fully executed, SAMS will provide collaborators with information on the Safeguarding policy, accountability channels, and any pertinent standard operating procedures to ensure compliance with the policies set forth.
9. Collaborators have the duty to report any concerns or suspicions regarding sexual abuse or exploitation by humanitarian workers, whether in the same agency or not, they must report such concerns via established SAMS reporting mechanisms. Concerns can be reported anonymously to SAMS through the whistleblowing system<sup>5</sup>, CFRM, or SAMS safeguarding and accountability website [link](#).

---

<sup>1</sup> **Child labor** is defined as work carried out to the detriment and endangerment of a person under the age of 18 ("a child"), in violation of international law and national legislation. It either deprives children of schooling or requires them to assume the dual burden of schooling and work. Child labor is distinct from children in employment, which includes children performing work that is appropriate to both age and development (that does not affect their health and personal development), and that does not interfere with learning.

<sup>2</sup> **Collaborators and or affiliates:** individuals who work for SAMS as non-staff members including consultants, holders of Agreements for Performance of Work (APW), Special Service Agreements (SSA) or letters of agreement, Temporary Advisers, Interns, and volunteers, as well as third party entities such as vendors, contractors or technical partners who have a contractual relationship with SAMS.

<sup>3</sup> **Verbal abuse** includes profane language, racist, ableist, or sexist terminology, and any other conduct that would be judged abusive by a reasonable person.

<sup>4</sup> **Physical abuse** includes violent actions (including slapping, punching, kicking, pinching and throwing or damaging objects), creation of discomfort (refusing to turn on heat or air conditioning), repetitive or punitive work assignments, unpaid or poorly paid domestic labor, and any other conduct that would be judged abusive by a reasonable person.

<sup>5</sup> Whistleblowing system is available both at the HQ and in-country level

## Violation of the statement

In case the SEA, SHH or Child abuse case is committed by the collaborator or its employees, SAMS mandates to receive an incident report of the case within 24 hours and subsequent information on the investigation and implemented corrective actions. In the case that SAMS is not satisfied with the results of the investigation, SAMS holds the right to proceed with its own investigation or audit the investigation process. In the case of a collaborator abstaining from providing SAMS with timely reporting of incidents, SAMS reserves the right of terminating the collaboration agreement. In cases of SHH, and if the staff of a SAMS collaborator chooses to report the case to SAMS's accountability channels, then SAMS reserves the right to proceed with investigative procedures in accordance with SAMS Safeguarding policy and investigation protocol.

SAMS reserves the right to record of any individuals or entities found to have engaged in, encouraged or condoned acts of SEA, Child Abuse and or SHH from participating in future tenders, recruitments and entering into future contractual relationships with SAMS.

## Disclosure

SAMS reserves the right to share information concerning cases of SEA, Child Abuse and or SHH committed by any of SAMS collaborators, its staff or its subcontractors with other UN agencies; INGOs and NGOs. When required, SAMS is keen to fulfill its commitment to the [Inter-Agency Misconduct Disclosure Scheme](#).<sup>6</sup>

### **[Liaising with Local Authorities](#)**

SAMS Entities shall evaluate reporting safeguarding violations to appropriate legal authorities, assessing any legal obligations to report, as well as the interests of the survivor(s). Generally, reports are made, unless a report is judged likely to cause greater harm to existing victims or potential future victims, or in case the survivor has given a written statement stating the refusal to communicate the case with the local authorities. In the case of a survivor's refusal to report the case to the authorities, SAMS will be bound to this statement respecting the survivor wishes, but will also fulfill the responsibility of explaining the importance of engaging the local authorities on the case.

---

<sup>6</sup> **The Scheme** was launched in January 2019 to address the specific problem of known sexual abusers moving within and between different humanitarian and development agencies. As at March 2021 it has over 70 organizations and affiliates in various stages of implementation, with several other organizations preparing to implement.

### **6. Supplier Self-Certification of Eligibility**

In order to meet certain donor regulations, the Syrian American Medical Society (SAMS) requires its supply partners to certify that:

1. They are not debarred, suspended, or otherwise precluded from participating in major donor (e.g. European Union, European and United States Government, United Nations) competitive bid opportunities.
2. They are not presently bankrupt, or have suspended business activities on the basis of insolvency.
3. They have not been guilty of grave professional misconduct proven by any means that the contracting authority can justify, or been declared to be in serious breach of contract for failure to comply with their contractual obligations towards any contracts awarded in the normal course of business.
4. They maintain high ethical and social operating standards, including:
  - Avoidance of Child Labor, bondage, or forced labor; assurance of safe and reasonable working conditions;
  - Humanitarian neutrality: Ensure that activities do not render civilians more vulnerable to attack, or bring unintended advantage to any military actors or other combatants.
  - Not engaged in the illegal manufacture, supply, or transportation of weapons; not engaged in smuggling of drugs or people.
5. Company warrants that, to the best of its knowledge, no Syrian American Medical Society (SAMS) employee, officer, consultant or other party related to Syrian American Medical Society (SAMS) has a financial interest in the Company's business activities. Discovery of an undisclosed Conflict of Interest situation will result in immediate revocation of the Company's Authorized Supplier status and disqualification of Company from participation in future Syrian American Medical Society (SAMS) procurement.
6. Respect the laws and regulations applied in the country, and obey to the set of rules that are prescribed by the Turkish authority.

By signing the Supplier Information Form, you certify that your Company is eligible to supply goods and services to major donor funded organizations and that all of the above statements are accurate and factual.

Any inaccuracy in the information filled herein will be used as ground for removal from or termination of the qualification process.
