

## INSTRUCTIONS TO BIDDERS ACTED LEBANON

Date: 05-09-2020

Tender N°: T/11FWC/SHELTER REHABILITATION/05-09-2020/001

Within this project, ACTED will support the immediate shelter needs that emerged as a result of the August 4th 2020 port explosion, providing household rehabilitation for damaged houses.

Works in shelters will include major internal works, including rehabilitation of internal non-structural walls, doorways, and electrical works etc. Shelters will be prioritized in the first phase that ensure the safety of the most vulnerable households (elderly, people with disabilities/chronic illness, female headed households), those who are not able/willing to leave their shelter and where works are needed on the common areas to ensure safe access

The intervention will support around 350 households (with the potential of increasing this number) in the most affected areas of Beirut after the explosion. The rehabilitation process will be as follows:

1. A detailed technical assessment will be undertaken by ACTED engineers.
2. BoQs will be developed to bring shelters to its original standards in consultation with residents to ensure adjustments tailored to age, gender, or disability specific needs
3. The present call for tender aims at selecting several **contractor(s)** based on unit prices, capacity of rehabilitation of households and quality of works, that would be awarded the equivalent orders, based on the defined BoQ, throughout the project, under a one year framework agreement.
4. Contractors from, or within proximity to, the target neighbourhood, hiring local workers, in order to benefit the local economy, will be favored.

ACTED is requesting through this tender a company to provide detailed written quotations for the supply of the following products over the course of one year (framework agreement):

### PRODUCT SPECIFICATIONS:

1. Description: SHELTER REHABILITATION in the most affected areas of Beirut after the explosion of the 4th of August 2020
2. Product class / category: Shelter Rehabilitation
3. Made in (product origin): In accordance with donor regulation
4. Product stage: Finished products
5. INCOTERM (delivery conditions): Beirut area

### RESPONSIBILITIES OF THE CONTRACTOR:

1. Terms of delivery: Beirut area
2. Date of delivery for: For contractor rehabilitation as per site engineer recommendations as rehabilitation works will differ according to the damage of each household, after contract signature (expected approximately around the 21<sup>st</sup> of September 2020)  
For supply of items within 3 to 5 days after order request
3. Validity of the offer: 6 months

The answers to this tender should include the following elements:

- Supplier must answer for all the items of the offer form for contract awarding
- The Bidding documents are filled in English. (**compulsory**)
- The attached Offer Form template filled in, signed and stamped on all pages including all the product specifications, the price per unit, quantity proposed and unit, and total price (**Compulsory**);
- The present Instructions to bidders signed and stamped on all pages (**Compulsory**);

# ACTED

*T/11FWC/SHELTER REHABILITATION/05-09-2020/001*

- The attached Bidder's Questionnaire, Checklist and Ethical Declaration filled in, signed and stamped on all pages (**Compulsory**);
- A written quotation (Offer Form) including all the product specifications, the Unit and price (**USD**) per unit (**Compulsory**);
- A catalogue or sample of the product or if there are different options, a sample or catalogue of each option needs to be submitted; (Optional)
- A COPY of Company registration documents and license are included & A copy of the ID of the legal representative. (**Compulsory**)
- Contractors must complete required documentation in full. Quotations with missing information, and late offers will not be considered

**GENERAL CONDITIONS:**

1. The closing date of this tender is fixed on **17/09/2020 at 5.00 PM Local Lebanon time**
2. Tenderers will fill, sign, stamp and return the Offer form according to ACTED's format.
3. Tenderers will sign and return all pages of the Product Specifications for which they apply.
4. The offer to the call for tender will not result in the award of a contract.
5. The offer must be submitted to ACTED by email to [lebanon.tender@acted.org](mailto:lebanon.tender@acted.org) Cc: [tender@acted.org](mailto:tender@acted.org) with "*T/11FWC/SHELTER REHABILITATION/05-09-2020/001*" and the purpose of the offer.
6. Unsealed envelopes and late offers will not be considered.
7. To ensure that funds are used exclusively for humanitarian purposes and in accordance with donors' compliance requirements, all contract offers are subject to the condition that contractors do not appear on anti-terrorism lists, in line with ACTED's anti-terrorism policy. To this end, ACTED reserves the right to carry out anti-terrorism checks on contractor, its board members, staff, volunteers, consultants, financial service providers and sub-contractor.

NOTE: ACTED adopts a zero-tolerance approach towards corruption and is committed to respecting the highest standards in terms of efficiency, responsibility and transparency in its activities. In particular, ACTED has adopted a participatory approach to promote and ensure transparency within the organization and has set up a Transparency focal point (Transparency Team supervised by the Director of Audit and Transparency) via a specific e-mail address. As such, if you witness or suspect any unlawful, improper or unethical act or business practices (such as soliciting, accepting or attempting to provide or accept any kickback) during the tendering process, please send an e-mail to [transparency@acted.org](mailto:transparency@acted.org).

## OFFER FORM ACTED Lebanon

Date: \_\_\_/\_\_\_/\_\_\_\_\_

Tender N°: T/11FWC/SHELTER REHABILITATION/05-09-2020/001

### To be Filled by Bidder (COMPULSORY)

#### Details of Bidding Company:

1. Company Name: (\_\_\_\_\_)
2. Company Authorized Representative Name: (\_\_\_\_\_)
3. Company Registration No: (\_\_\_\_\_)  
No/Country/ Ministry
4. Company Specialization: (\_\_\_\_\_)
5. Mailing Address: (\_\_\_\_\_)  
Country/Governorate./City/St name/Shop-Office No
  - a. Contact Numbers: (Land Line: \_\_\_\_\_ / Mobile No: \_\_\_\_\_)
  - b. E-mail Address: (\_\_\_\_\_)

I undersigned \_\_\_\_\_,  
agree to provide ACTED, non-profit NGO, with items answering the following specifications, according to the  
general conditions and responsibilities that I engage myself to follow.

**PREAMBLE TO BILL OF QUANTITIES**

**Scope of work:**

ACTED expects the vendors to complete a thorough and professionally conducted restoration of selected damaged homes/apartments across communities in the Beirut affected areas. The vendors will complete all installation, repair and restoration activities as agreed to in the house-specific BoQs and according to the agreed prices. Vendors will conduct all activities to the high standards as established in the contract and the detailed description section of the BoQs, and agreed to in the vendor's submitted per-item price quotes.

The average size of the houses is 120m2 where we will need to supply/install or repair aluminum/steel/wooden doors and windows, minor block works including plastering for the demolished internal walls, internal wall and ceiling plastering and painting, power sockets and lighting points, steel structure supply/installation/repair, general sanitary works (wash basin, EWC, mixers).

**Duration of implementation**

Rehabilitation works should start immediately after the BoQ is handed over to the selected contractor(s) and related works should be treated as top priority.

**Work requirements**

The tasks required for the successful restoration of each household will be listed and agreed to in the BoQ. By signing the contract with the selected company(ies), contractor(s) will have agreed to fully perform all tasks set out in the BoQ to the standards described in the BoQ and agreed to in the vendor's submitted per-item price quotes. The completion of all tasks in the BoQ to the agreed-upon standards will be the key condition for determining the successful completion of each house-specific project/contract.

**Acceptance criteria**

The completion of all tasks to the standards agreed upon in the BoQs will be the key condition for determining the acceptable completion of each house-specific project/contract, and the customer will accept or reject the deliverables based on the vendor's adherence to the BoQ both in terms of works conducted and quality of items and rehabilitation.

All activities, construction, repair and installation of items agreed to in the BoQ must be completed to the established and agreed-up quantities for each household, and must be done to the high standards agreed to in the vendor's submitted per-item price quotes.

**Other requirements**

ACTED Site Engineers will frequently visit each site as the restoration work is in progress, and vendors will accept reasonable guidance and requests from the Site Engineers as to the manner the agreed-upon work is being conducted.

**Evaluation table :**

The maximum score that can be awarded for each criterion is indicated below.

o **A. Technical Evaluation = 60%**

	Criteria	Maximum Score
1	Experience in Similar Works with completion certificates	20
2	Work Program (should have the needed days to complete <b>simultaneously</b> rehabilitation of 50 houses (the type of works is mentioned above in the scope of work) NB: contractor will be working in 50 houses at the same time and need to provide the needed time to finalize all of them.	20
3	Company Capacity: Staff: (Number of teams to complete the works as mentioned in the work plan with Cvs and team members) Equipment (List of equipments needed for the works), assets, Turnover, materials data sheets, samples of the procedures used (Ex: RFI's	20

	RFC, site instruction etc...),	
	<b>Total Score</b>	

o B. Financial Evaluation = 40%

	Criteria	Maximum Score
1	Financial Offer	40
	<b>Total Score</b>	<b>40</b>

**PLEASE FILL IN THE FOLLOWING TABLE:**

Cost of labor and transportation of items, as well as any other additional cost should be included in the below pricing per unit, considering that the payment will be based on fresh money transfers:

Works	Material description	Unit	QTY	Unit price excluding VAT (USD)	Unit price including VAT (USD)	
<b>DEMOLITION</b>						
1	Remove roof. Clear top walls. Filling gaps in the wall tops, add finishing where necessary. (m <sup>2</sup> )	Dismantle and remove existing zinc sheet-layered roofs and filling material including existing steel beams or supports. Clear top of walls of any filled material to reach the hollow blocks by removing all existing debris or plastering. Work to include filling gaps in the wall tops, add finishing where necessary. Provide all necessary equipment and remove all debris from site to dedicated safe places.	m2	1		
2	Demolition of hollow blocks	Demolition of hollow blocks complete with removing all material arising from site and make good surrounding finish. Provide all necessary equipment and remove all debris from site to dedicated safe places.	m2	1

54	'Supply and install 3 wire 2.5 mm2 cable + 20 mm PVC pipe / flush	Supply and install 3 wire 2.5 mm2 cable + 20 mm PVC pipe / flush mount incl. chiseling and plaster	LM	1		
55	'Supply and install 3 wire 2.5 mm2 cable	Supply and install 3 wire 2.5 mm2 cable	LM	1		
56	Supply and install circuit breaker box	Supply and install circuit breaker box (Max of 10 module) +Labeling	Unit	1		
					<b>Total</b>	
<b>SANITARY AND PLUMBING</b>						
57	Stainless steel kitchen sink 100x60cm (u)	Supply and install stainless steel kitchen sink 100x60cm including adaptation and pipe works (4 3*3 poles at an elevation of 0.9m and 2in PVC drainage pipe). European Quality or approved equal.	Unit	1		
58	Repair existing sink	Provide proper ceiling and fixation to wall or the vertical elements	Unit	1		
59	Handicapped grab bar 600 mm long (u)	Supply and install handicapped grab bar 600 mm long	Unit	1		
60	European W.C. (u)	Supply and install European W.C. (Leccico made or approved equal) incl. all accessories required for proper installation and connection to the sewage network (changing the gutter if going from Arabic to European). Use white cement and silicone for fixation (preferable). In addition, removal of the old one present in a proper manner without any damage of existing connections	Unit	1		
61	Arabic W.C. (u)	Supply and install Arabic W.C. (Leccico made or approved equal) incl. all accessories required for proper installation and connection to the sewage network. Use white cement and silicone for fixation (preferable). In addition, removal of the old one present in a proper manner without any damage of existing connections	Unit	1		
62	Washbasin 50x40cm (u)	Supply and install washbasin 50x40cm including adaptation and piping works, flexible drain, etc. (Leccico made or approved equal)	Unit	1		
63	Single water taps with all accessories for proper function. (u)	Supply and install single water tap with all accessories for proper function.	Unit	1		

64	Mixer for kitchen. (low- flow faucet aerator) (u)	Supply and install mixer for kitchen. (low- flow faucet aerator) with all accessories. (European quality or approved equal)	Unit	1		
65	Mixer for shower/bath low-flow showerhead with all accessories (u)	Supply and install mixer for shower/bath low-flow showerhead with all accessories. (European quality or approved equal)	Unit	1		
66	Mixer for washbasin low-flow faucet with all accessories (u)	Supply and install mixer for washbasin low-flow faucet with all accessories. (European quality or approved equal)	Unit	1		
67	Supply and install hose pipe	Supply and install complete hose pipe for flushing set of approved quality, with all accessories and pipe fittings needed for proper functioning and for tight connection to water supply network in the toilet. (European quality or approved equal)	Unit	1		
68	stainless steel cover 15*15 cm (u)	Supply and install floor cleanout with stainless steel cover 15*15 cm (u) with proper sealing	Unit	1		
69	stainless steel cover 20*20 cm (u)	Supply and install floor cleanout with stainless steel cover 20*20 cm with proper sealing (u)	Unit	1		
70	European W.C. flushing set (Repair Only)	Supply and install Itani flushing set with all necessary connections and functioning	unit	1		
71	Kitchen Counter Top	Supply and install counter top with width 700 mm and height 0.85 meter: the counter top frame should be from stainless steel vanity and resin material. Non-glare epoxy resin or furan resin compounded and cured for minimum physical properties ASTM D790, 785, 570 with drip groove cut on underside of overhanging edge, Finish thickness of top minimum 25 mm, Joints: Epoxy Type. Stainless Steel: ASTM A167, Type 304. Including all equipment, material and labor required to complete the works as otherwise instructed in full compliance with the Specification and as per the site engineer instructions and the drawings. The contractor has to take in his consideration that the counter will have 2 kitchens sink single bowls, Aluminum cabinets and drawers as per the drawings and the site engineer specification.	LM	1		
72	Aluminum Cabinets	supply and install Aluminum cabinets and shelves suspended above/under the counter top in 60 -80 cm as per the site engineer, and including but not limited to all plant, materials and labor required to provide and install the frames, fixing and all accessories , all frames should be sealed by silicon or sealant to avoid any leakage. The width to be less than the counter top width with 2 cm. note: the handles to be stainless steel	LM	1		

73	Wooden Cabinets	supply and install Wooden cabinets and shelves suspended above/under the counter top in 60 -80 cm as per the site engineer, and including but not limited to all plant, materials and labor required to provide and install the frames, fixing and all accessories , all frames should be sealed by silicon or sealant to avoid any leakage. The width to be less than the counter top width with 2 cm. note: the handles to be stainless steel	LM	1		
74	Resin Kitchen Sink	Kitchen sink, supply and install high quality resin or porcelain kitchen single bowl sink 60 cm and the price include 1.25" PVC bottle trap, with overflow connection, with chrome plated outlet angle valves and chrome sink mixer (cold & hot) connected to water supply and rubber adaptor for connection to the wall 2" drain pipe as per the engineer instruction. The angle valve & the mixer GROHE brand or equivalent.	Unit	1		
75	Provide and fix 12.5mm (0.5") diameter PPR pipes,	Supply and install PPR works include fixation and proper connection to existing pipes	LM	1		
76	Provide and fix 18.5mm(3/4") diameter PPR pipes,	Supply and install PPR works include fixation and proper connection to existing pipes	LM	1		
77	Provide and fix 25mm (1") diameter PPR pipes,	Supply and install PPR works include fixation and proper connection to existing pipes	LM	1		
78	Supply and Install surface pump 1HP	supply and install Surface pump 1 HP all necessary materials, accessories, and automatic pressure control requirements and manpower to make it properly serviceable	Unit	1		
				<b>Total</b>		
<b>Water Tank (Double Layer NTG or approved with shutoff valve)</b>						
79	Water tank 0.3m3 Double Layer	Supply and install water tank with shutoff valve and proper fittings and connections	Unit	1		
80	Water tank 0.5 m3 Double Layer	Supply and install water tank with shutoff valve and proper fittings and connections	Unit	1		
81	Water tank 1m3 Double Layer	Supply and install water tank with shutoff valve and proper fittings and connections	Unit	1		
82	Water tank 2m3 Double Layer	Supply and install water tank with shutoff valve and proper fittings and connections	Unit	1		
83	Electric water heater 80L	Supply and install EWH with proper electric wiring and piping connection	Unit	1		
				<b>Total</b>		
<b>Fan</b>						
84	4" toilet fan	Supply and install toilet fan with all accessories for proper function- switch and electric connection- proper sealing on the contour and providing an opening in the wall	Unit	1		
				<b>Total</b>

**CODE OF CONDUCT:****1. Labour Standards**

The labour standards in this code are based on the conventions of the International Labour Organisation (ILO).

- *Employment is freely chosen*

There is no forced, bonded or involuntary prison labour. Workers are not required to lodge 'deposits' or their identity papers with the employer and are free to leave their employer after reasonable notice.

- *Freedom of association and the right to collective bargaining are respected*

Workers, without distinction, have the right to join or form trade unions of their own choosing and to bargain collectively. The employer adopts an open attitude towards the legitimate activities of trade unions. Workers representatives are not discriminated against and have access to carry out their representative functions in the workplace. Where the right to freedom of association and collective bargaining is restricted under law, the employer facilitates, and does not hinder, the development of parallel means for independent and free association and bargaining.

- *Working conditions are safe and hygienic*

A safe and hygienic working environment shall be provided, bearing in mind the prevailing knowledge of the industry and of any specific hazards. Adequate steps shall be taken to prevent accidents and injury to health arising out of, associated with, or occurring in the course of work, by minimising, so far as is reasonably practicable, the causes of hazards inherent in the working environment. Workers shall receive regular and recorded health and safety training, and such training shall be repeated for new or reassigned workers. Access to clean toilet facilities and potable water and, if appropriate, sanitary facilities for food storage shall be provided. Accommodation, where provided, shall be clean, safe, and meet the basic needs of the workers. The company observing the standards shall assign responsibility for health and safety to a senior management representative.

- *Child Labour shall not be used*

There shall be no new recruitment of child labour. Companies shall develop or participate in and contribute to policies and programmes, which provide for the transition of any child found to be performing child labour to enable her/him to attend and remain in quality education until no longer a child. Children and young people under 18 years of age shall not be employed at night or in hazardous conditions. These policies and procedures shall conform to the provisions of the relevant International Labour Organisation (ILO) standards.

- *Living wages are paid*

Wages and benefits paid for a standard working week meet, at a minimum, national legal standards or industry benchmarks. In any event wages should always be high enough to meet basic needs and to provide some

discretionary income. All workers shall be provided with written and understandable information about their employment conditions in respect to wages before they enter employment, and about the particulars of their wages for the pay period concerned each time that they are paid. Deductions from wages as a disciplinary measure shall not be permitted nor shall any deductions from wages not provided for by national law be permitted without the express and informed permission of the worker concerned. All disciplinary measures should be recorded.

- *Working hours are not excessive*

Working hours comply with national laws and benchmark industry standards, whichever affords greater protection. In any event, workers shall not on a regular basis be required to work in excess of the local legal working hours. Overtime shall be voluntary, shall not exceed local legal limits, shall not be demanded on a regular basis and shall always be compensated at a premium rate.

- *No discrimination is practised*

There is no discrimination in hiring, compensation, access to training, promotion, termination or retirement based on race, caste, national origin, religion, age, disability, gender, marital status, sexual orientation, union membership or political affiliation.

- *Regular employment is provided*

To every extent possible work performed must be on the basis of a recognised employment relationship established through national law and practice. Obligations to employees under labour or social security laws and regulations arising from the regular employment relationship shall not be avoided through the use of labour-only contracting, sub-contracting or home-working arrangements, or through apprenticeship schemes where there is no real intent to impart skills or provide regular employment, nor shall any such obligations be avoided through the excessive use of fixed-term contracts of employment.

- *No harsh or inhumane treatment is allowed*

Physical abuse or discipline, the threat of physical abuse, sexual or other harassment and verbal abuse or other forms of intimidation shall be prohibited.

## **B. Environmental Standards**

Suppliers should as a minimum comply with all statutory and other legal requirements relating to the environmental impacts of their business. Detailed performance standards are a matter for suppliers, but should address at least the following:

- *Waste Management*

Waste is minimised and items recycled whenever this is practicable. Effective controls of waste in respect of ground, air, and water pollution are adopted. In the case of hazardous materials, emergency response plans are in place.

- *Packaging and Paper*

Undue and unnecessary use of materials is avoided, and recycled materials used whenever appropriate.

- *Conservation*

Processes and activities are monitored and modified as necessary to ensure that conservation of scarce resources, including water, flora and fauna and productive land in certain situations.

- *Energy Use*

All production and delivery processes, including the use of heating, ventilation, lighting, IT systems and transportation, are based on the need to maximise efficient energy use and to minimise harmful emissions.

- *Safety precautions for transport and cargo handling*

All transport and cargo handling processes are based on the need to maximise safety precautions and to minimise potential injuries to ACTED beneficiaries and staff as well as the suppliers's employees or those of its subcontractors.

### **C. Business Behaviour**

The conduct of the supplier should not violate the basic rights of ACTED's beneficiaries.

The supplier should not be engaged

1. in the manufacture of arms
2. in the sale of arms to governments which systematically violate the human rights of their citizens; or where there is internal armed conflict or major tensions; or where the sale of arms may jeopardise regional peace and security.

### **D. ACTED procurement rules and regulations**

Suppliers should comply with ACTED procurement rules and regulations outlines in ACTED Logistics Manual Version 1.2. or above. In particular, ACTED's procurement policy set out in Section 2.1 and 2.4. (contract awarding). By doing so, Suppliers acknowledge that they do not find themselves in any of the situations of exclusion as referred to under section 2.4.2.

### **Operating Principles**

The implementation of the Code of Conduct will be a shared responsibility between ACTED and its suppliers, informed by a number of operating principles, which will be reviewed from time to time.

ACTED will:

1. Assign responsibility for ensuring compliance with the Code of Conduct to a senior manager.
2. Communicate its commitment to the Code of Conduct to employees, supporters and donors, as well as to all suppliers of goods and services.
3. Make appropriate human and financial resources available to meet its stated commitments, including training and guidelines for relevant personnel.
4. Provide guidance and reasonable non-financial support to suppliers who genuinely seek to promote and implement the Code standards in their own business and in the relevant supply chains, within available resources.
5. Adopt appropriate methods and systems for monitoring and verifying the achievement of the standards.
6. Seek to maximise the beneficial effect of the resources available, e.g. by collaborating with other NGOs, and by prioritising the most likely locations of non-compliance.

ACTED expects suppliers to:

1. Accept responsibility for labour and environmental conditions under which products are made and services provided. This includes all work contracted or sub-contracted and that conducted by home or other out-workers.
2. Assign responsibility for implementing the Code of Conduct to a senior manager.
3. Make a written Statement of Intent regarding the company's policy in relation to the Code of Conduct and how it will be implemented, and communicate this to staff and suppliers as well as to ACTED.

Both parties will

# ACTED

*T/11FWC/SHELTER REHABILITATION/05-09-2020/001*

1. require the immediate cessation of serious breaches of the Code and, where these persist, terminate the business relationship.
2. Seek to ensure all employees are aware of their rights and involved in the decisions which affect them.
3. Avoid discriminating against enterprises in developing countries.
4. Recognise official regulation and inspection of workplace standards, and the interests of legitimate trades unions and other representative organisations.
5. seek arbitration in the case of unresolved disputes.

## **Qualifications to the Policy Statement**

The humanitarian imperative is paramount. Where speed of deployment is essential in saving lives, ACTED will purchase necessary goods and services from the most appropriate available source.

ACTED can accept neither uncontrolled cost increases nor drops in quality. It accepts appropriate internal costs but will work with suppliers to achieve required ethical standards as far as possible at no increase in cost or decrease in quality.

I undersigned \_\_\_\_\_, agree to adopt the above Code of Conduct and to commit to comply with the labour and environmental standards specified, both in my own company and those of my suppliers.
