### **Sport Educational activities**

#### **Progetto: Sostegno a Distanza (Libano)**

##### **1. Context**

AVSI is an Italian NGO working in Lebanon since 1996, registered with the Ministry of Interior in 2006 under decree nb. 171194. Sostegno a Distanza (SAD) started in Lebanon in 1998 to support the children of men targeted by an agricultural project who lived very difficult economic and social situations. The SAD intervention started with these families and little by little reinforced itself through partnerships with local NGOs. Since 2006, AVSI has been present in the region of Marjayoun in the South of Lebanon to support the local population with emergency interventions after the ruinous conflict with Israel, followed by development actions in the agricultural and socio-educational fields, including SAD. Since 2011, the Syrian crisis has led to the pouring of refugees fleeing into the district of Marjayoun and AVSI has mobilized its resources to respond to the vulnerabilities of the newcomers. In 2021, SAD supported almost 1200 vulnerable Lebanese and Syrian children and their families in the region of Marjayoun, and it is aiming to expand its target to reach 100 new children in 2022.

##### **2. Recipient of this document**

This ToR is intended to all individuals or organizations having the experience and qualification as trainers on sport educational activities for youth to be implemented in Marjayoun, Nabatieh Governorate, Lebanon.

##### **3. Consultancy Service Objectives**

The objective of this consultancy is the organization and realization of a training of 20 youth (18-25 years old) on sport activities. The aim is that at the end of the training these youths will become the promoter of sport activities in each targeted location, with groups of children included in the following age range: 6-8, 9-11, 12-13. Sport educational activities are meant to foster children's resilience, giving them the possibility of recognizing their value through the football, and promoting a culture of peace that contributes to improving social cohesion, maintain healthy social relationships and preventing temporary and long-term psychological distress. Therefore, crucial will be, not only the training per se, but also and more importantly, to leave the philosophy and create a sort of legacy for these youths.

In details:

- Train youth on how to become coaches and how to organize sport educational activities for children, through a first mission to Lebanon

- Organize not more than four months after the first mission a follow-up webinar of 2 days;
- Organize a follow-up field mission to Lebanon not more than four months from the webinars;
- Foresee the mission of 2 ex-football players to ensure the visibility of the project;

**b. Expected implementation period and submission derivable**

The activity must be realized within the period from 01/06/2022 to 28/02/2023.

The exact calendar of the trainings and follow-ups will be defined in collaboration with AVSI team.

**c. Derivable**

Produce a final photographic and narrative report on the activity for AVSI.

**d. Financial Proposal**

- CV including professional experience as trainer;
- The financial offer shall be expressed in EURO and shall include all related costs to fulfill the requested services, such as fees, experts' per diem, flights and transportation, visa, accommodations, etc.
