2. Background on the organization and the project

Right to Play (RTP) is a global organization committed to improving the lives of children and youth affected by conflict, disease and poverty. Established in 2000, Right to Play has pioneered unique play-based approach to learning and development which focuses on quality education, life skills, health, gender equality, child protection and building peaceful communities.

“Music for Social Change” aims to give full agency for youth and adolescents for them to be leading change in their communities instead of being beneficiaries and receiving services. Mobilized youth (13-18 yrs) are to be further equipped with eco-friendly initiatives, skills, waste management, and upcycling methods, which would allow them to create an upcycled space which creates sound through movement. The main outcomes of the project are:

- Raise awareness and train youth on eco-friendly approaches, waste management, and upcycling methods.
- Support in the design and implementation the child-led friendly “Interactive Music Playground” from upcycled materials

Community youth are trained on foundational music theory skills and will be leading the implementation with the technical support of the RTP and the consultant.

3. Consultancy Objectives

Outcome 1: Train 15 community youth on eco-friendly approaches, waste management, and upcycling methods through a 1-day workshop.
