

TOR for Long Term PHCC Subsidization Protocol Trainer for PHCC Staff

BACKGROUND INFORMATION

MdM is a campaigning medical organization committed to international solidarity caring for the most vulnerable populations. MdM is present in Lebanon for more than 30 years implementing different programs aiming to strengthen the primary health care system with a special focus on mental health, SRH with GBV integrated services and emergency preparedness and response.

MdM is now in a 3 year-AFD-funded project in consortium with PUI and Amel, supporting 4 PHCCs (3 in Beqaa and 1 in Tripoli) in providing quality primary health care services.

MdM is implementing another AFD-funded project on the provision of specialized gender-sensitive mental health and substance use services in Beirut, Baalbek and Tripoli, in harmony with the National Mental Health Program strategy, in partnership with Skoun, Embrace and NMHP.

Furthermore, MdM continue to intervene in Macharh El Qaa amongst Syrian and Lebanese communities, improving access to PHC services through the running of a Mobile Medical Unit, home visit, school health activities, epidemics surveillance and response and the provision of specialized mental health services.

PURPOSE OF THE CONSULTANCY

MdM is looking for a Long Term PHCC Subsidization Protocol (LPSP) Trainer – Consultant to build the capacity of supported PHCCs' staff and MdM staff regarding the new model in Primary Healthcare settings by delivering a set of 5 full-day trainings for PHCC staffs and 4 full day training for MdM staff. Thus, the trainer is expected to:

- Develop agenda, objective and syllabus of training.
- Prepare training material and facilitate the training in Arabic & English
- Prepare interactive and engaging lesson plan
- Develop and carry out evaluation of the training (pre and post-test)
- Cover all aspects of the LPSP model, including the packages, quality aspect, community outreach, among other dimensions.
- Draft a training report
- For the PHCCs staff training; annexed validated training schedule by MoPH should be followed

Profile

- Bachelor degree in health-related sciences
- Experience in quality management
- Master's degree in public health is an asset
- Experience in delivering trainings is mandatory
- Previous experience in LPSP training for the PHCC staff and INGO supporting PHCC staff.
- A copy of your legal documents (MOF registration, VAT registration, Commercial Circulair...)

Required documents

- CV
- Financial proposal (including price for each training, the validity of the offer, terms of payment, payment modality etc.)
- Brief training description specifying the topics and agenda as well as learning objectives
- A schedule of availability to meet the technical team before the proposition of the training date.

Tentative date of Trainings:

- 4 days training for MdM staff starting from 4th to 7th September 2023
- 5 days training for PHCCs staff from 11th to 15th September 2023

Number and Location of Training:

- Participants in both trainings are anticipated to be maximum of 25 trainees for each training
- Both training courses are expected to be held at Beirut Number of PHCCs Planned to Receive the Training:
 - Four PHCCs staff will receive the training (3 from Bekaa and 1 from Tripoli)

Deadline to apply: 06/08/2023, 05:00 PM

Expected starting date: 04/09/2023 according to the training dates mentioned above

The proposal must be sent by email to: logsupplyoff.beirut.lebanon@medecinsdumonde.net, and must mention in the subject of the email “**MR 23 LB BEY 111 Consultancy - LPSP Trainer**”, before 2nd August July at 05:00 PM.
