

# Open Call

Do You WANT the OPPORTUNITY  
to become a **TRAINER**  
with the "SAWA We Can" project ?

## Passionate about environmental conservation?

### We're searching for enthusiastic individuals to become Future Trainers

This initiative is an important opportunity to drive sustainable waste management practices in the heart of our communities.

As part of our team, you will engage in a comprehensive 1 full-day Training of Trainers (ToT) workshop.

#### Training Details:

- Dates: In the second half of November 2023
- Location: SAWA We Can Project's Facility, Halat – Byblos
- Remuneration: This is a volunteering mission, only food and transport will be covered

#### Learning Outcomes:

- Acquire comprehensive understanding of waste management process.
- Adopt recycling best practices for environmental conservation.
- Develop leadership skills to guide and influence community actions.
- Organize and give a 3-day workshop for Future Educators

#### Benefits for You:

- Play a pivotal role in driving sustainable change within your community.
- Gain eligibility to be considered for future employment opportunities within our network of committed volunteers.

#### We're Looking for Someone Who Is:

- Passionately invested in environmental sustainability or related community causes.
- A strong communicator, capable of engaging audiences.
- Committed to attending the entire ToT and leading subsequent training workshops.

**How to Apply:** To signal your interest, please fill in the attached form with your personal details and motivations for joining this project. [\[Link to the Application Form\]](#)

"SAWA We Can" project is in collaboration with the Phoenicia Saint Charbel Foundation and Youth of Hope Association, co-financed by the Polish Ministry of Foreign Affairs under the Polish Aid 2022 initiative
