

Open Call

Do You WANT the OPPORTUNITY to become a **Future Educator** with the "SAWA We Can" project ?

Passionate about environmental conservation?

We're searching for enthusiastic individuals to become Future Educators

This initiative is an important opportunity to drive sustainable waste management practices in the heart of our communities.

As part of our team, you will engage in a comprehensive 3 full-day Training workshop.

Training Details:

- Dates: In the second half of November 2023.
- Location: SAWA We Can Project's Facility, Halat – Byblos.
- Remuneration: This is a volunteering mission, only food and transport will be covered.

Learning Outcomes:

- Gain in-depth knowledge about waste and recycling.
- Learn effective presentation and communication skills.
- Enhance your ability to inspire others and promote environmentally friendly practices.
- Organize a series of awareness campaigns within the community.

Benefits for You:

- Play a pivotal role in driving sustainable change within your community.
- Gain eligibility to be considered for future employment opportunities within our network of committed volunteers.

We're Looking for Someone Who Is:

- Passionately invested in environmental sustainability or related community causes.
- A strong communicator, capable of engaging audiences.
- Committed to attending the entire Training and leading subsequent campaigns.

How to Apply: To signal your interest, please fill in the attached form with your personal details and motivations for joining this project. [\[Link to the Application Form\]](#)
